STEP 3.2

File Upload for Sage

Note: Whilst reports are being generated the Reporting Date will be marked 'Pending'. Reports are normally available to view in 15 to 20 minutes but during periods of peak demand it could take 3 times longer. You don't have to wait before connecting a 2nd, 3rd... client.

STEP 4

Review Reports

It will take anything from few seconds to 45 minutes to synchronise depending on the size of the file. The report icon will appear grey until the reports are being generated.
